

## Affordable Housing Program

### Informational Sessions

Presidio Bay Ventures, the developer of Ventana Residences, is building 48 new affordable homes at 99 Ocean Avenue. The units will be available for move-in by early/mid-2023. We will be partnering with local groups and the Mayor's Office of Housing and Community Development to host a series informational sessions and workshops during the Fall of 2022. The process to apply, qualify, and participate in the City's lottery system can take time, which is why we are hosting these events up to 6 months prior to first move-ins.

### RSVP

Please RSVP to one (or more) of the sessions by emailing the address below so that we can plan accordingly. We look forward to seeing you there.

Translators will be available for Cantonese, Mandarin, Tagalog, and Spanish speakers.
